

Informational Session

Why the De Anza College Campus?

- The West Valley area does not have a County operated health center that residents can easily access.
- A Valley Health Center on the De Anza College campus will offer access to healthcare for residents, faculty, staff, and students.
- The County and Foothill-De Anza Community College District can partner to serve the community.

Clinic Program Services

Approximately 25,000 gsf

- Dental
- Family Medicine & Primary Care Behavioral Health
- Diagnostic Imaging
- Pharmacy
- Specimen Lab
- Support
- Urgent Care
- Educational/Conference Space

Benefits to Foothill-De Anza Community College District

Essential health services would be available to Foothill-De Anza staff and students as well as residents in the surrounding community.

Opportunity to collaborate with the County to develop future healthcare professionals.

An on-campus health clinic will provide students opportunity with Santa Clara Valley Healthcare.
